

Land and building options to meet your needs

Whether you are starting your business or looking to expand, Lethbridge offers plenty of options to find a location that is right for you, along with an economic climate offering stability and value for your investment. Just look at the \$1 billion in non-residential construction over the past 10 years, and the more than \$1 billion in industrial, institutional and retail private and public sector projects planned or underway through to 2019 and you'll see why Lethbridge is a bright choice for business.

Lethbridge businesses enjoy lower construction and occupancy costs compared to many other communities in North America. The most recent KPMG Competitive Alternatives study found that Lethbridge has the lowest facility cost and lowest land per acre costs among all Alberta jurisdictions included in the study, as well as the most affordable office facility lease costs per square foot among all Canadian jurisdictions.

Business Parks

Both the city and Lethbridge County have numerous parcels of serviced and unserviced land to meet your business needs.
